## Business Processes: Pre-Need Assessment Study

Based in Delhi, Walaiti Ram & Sons is a major player in the iron and steel segment and have been in business since 1983. They are solely into the distribution of iron sheets to manufacturing companies. They deal with around 10 – 12 dealers which includes the much celebrated Tata Steel.

Walaiti Ram & Sons was first introduced to Tally.ERP 9 in April, 2009. Ever since then, they have been using the ERP software for all their billing activities, keeping account of their inventory and maintaining their books of accounts.

## Post Tally.ERP 9 Revised Implementation

Post the detailed study conducted by Tally experts with the able assistance of Mridu Infosolutions (an authorised Tally partner), there was a huge makeover in the processes practised at Walaiti Ram & Sons. The business reaped huge benefits owing to this visit.

Today, the enterprise completes their entire bank reconciliation process in a few clicks without the necessity of employing an additional resource to complete the task. The VAT module is another major relief for the company as one of the most critical tasks of excise rule 11 invoicing got automated using Tally.ERP 9. One more, interesting outcome of this activity was that the customer got enlightened that the financial year gets updated automatically in the software. This saved the effort of creating a new company on the software each year. They also benefitted from the feature-outstanding management. According to Mr Goyal, it not just keeps them abreast at all times on the outstanding payments and receivables. It also improves their reputation as they are now prompt with their payments.

## Highlights

- VAT filing on Tally.ERP 9 has resulted in faster and accurate filing of tax returns.
- Auto bank reconciliation has made banking procedures less tedious, more accurate and absolutely hassle-free.
- Outstanding management helped in better flow of receivables and payables
- Uninterrupted and accurate banking process followed with auto bank reconciliation in Tally

## Customer Says

We saved time, cost and achieved operational transparency with Tally.ERP 9. My invoicing, banking and outstanding management has never been smoother. Over and above that, with remote access, I access my data even while I am traveling. Now I am able to use Tally.ERP 9 to its fullest.
